

Padvish®

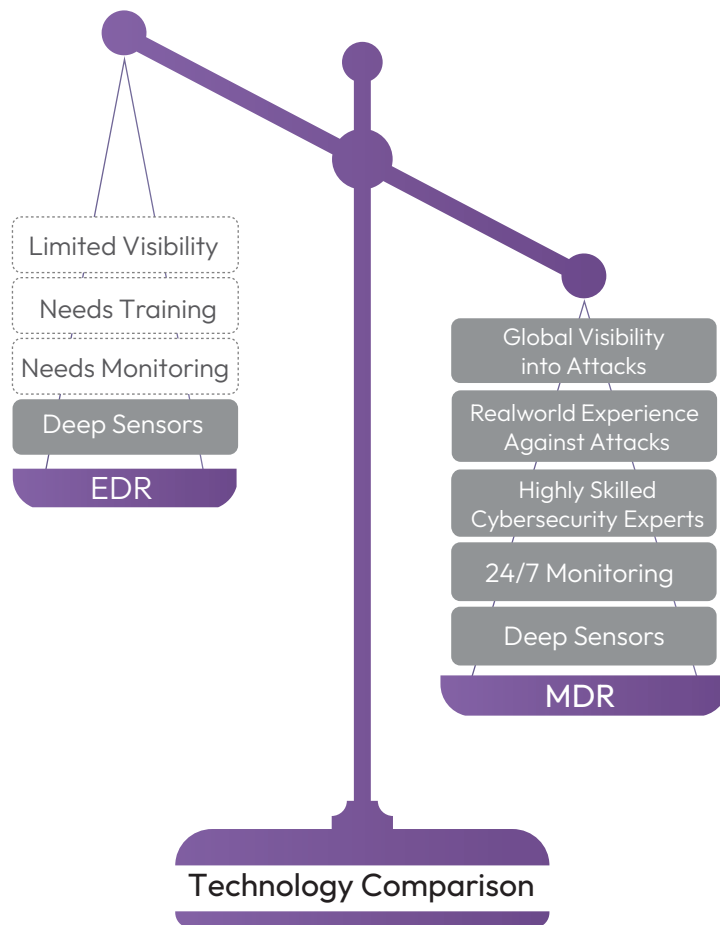

**Padvish**  
**MDR**

( Managed Detection and Response )

Padvish MDR counteracts the ever-increasing threats and cyberattacks targeting organizations. These sophisticated threats, which combine advanced technology and human tactics, highlight the need for robust defense strategies that integrate both human expertise and cutting-edge technology.

Padvish MDR provides continuous monitoring, threat hunting, incident response and other advanced features to identify and mitigate cyber threats in real-time.

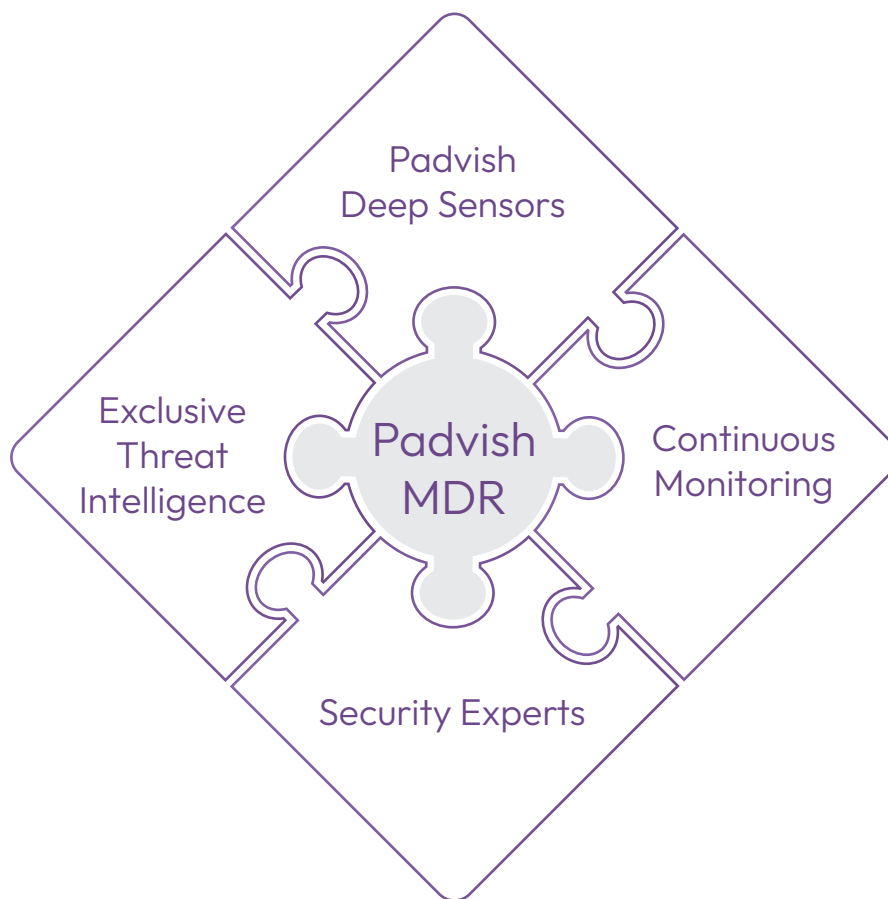

Padvish MDR offers proactive cybersecurity protection, combining advanced technologies and a team of skilled security experts to monitor and defend your network around the clock.

## Padvish MDR : Stay Ahead of Threats

Cyberattacks by skilled threat actors demand expert cybersecurity professionals for defense.

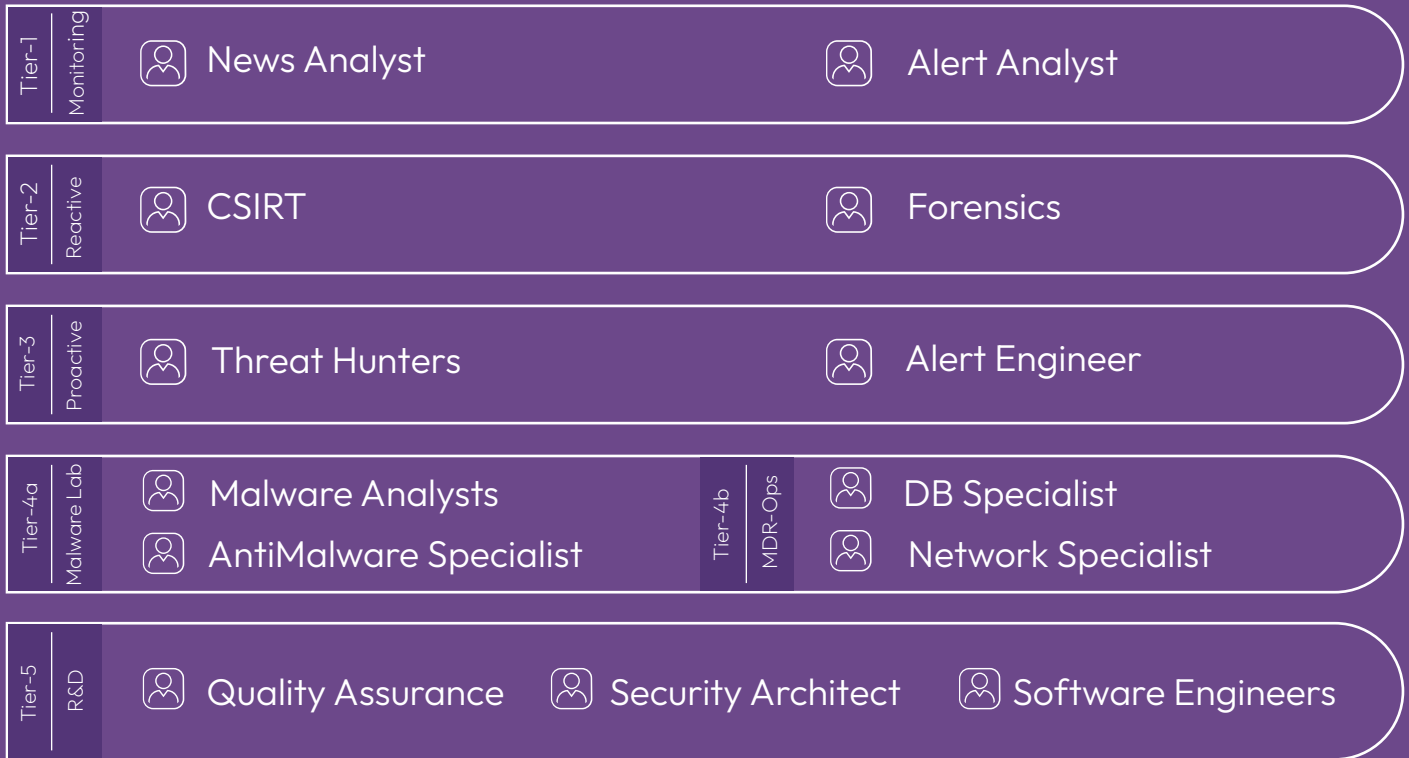

### Why Padvish MDR

- Easier Maintenance
- Responsibility (SLA)
- Lower Cost

Don't just rely on yourself; Strengthen your protection with professional Padvish MDR experts.

### Padvish MDR Tiering

### Padvish MDR-Alert Severity
